## Resume

I am a skilled Front-End developer with a strong foundation in HTML5, CSS3, JavaScript (2 years), TypeScript, and React (1 year). I am experienced with modern frameworks and libraries such as Tailwind, and have proficiency in working with SQL, Git, Rest APIs, and WordPress. I have a proven track record of developing and maintaining dynamic, user-friendly projects that enhance my technical expertise. I am eager to contribute to challenging projects that not only showcase my abilities but also push me to continuously expand my knowledge and skills.
